Dear Matt Van Houten, Chair – Athlete Advisory Council

On behalf of the USA Pentathlon, the National Governing Body of Modern Pentathlon in the United States of America, I am very pleased to announce the election by eligible athletes of Modern Pentathlon of Monica Fling Rowland as the AAC representative for the 2009-2012 quadrennial.

In addition to our other athlete representatives, the AAC representative will have the right to attend all Board of Directors meetings and participate in all our discussions. For example, our AAC representative has been involved in our search for a Chief Executive Officer. In addition, it was decided unanimously by all directors that the AAC representative would have full voting rights as any director of USA Pentathlon.

We are pleased to announce that the athlete representation on the board of directors well exceeds the minimum required. This Board of Directors strongly believes in athlete representation, as well as participation by all members of the pentathlon community.

We are very excited about having a strong relationship with the Athlete Advisory Council and look forward to working with our AAC representative.

Sincerely,
