

How do I apply to become a National Referee Candidate?

Application requirements to be considered as National Referee Candidate are sent to all regional chairs during January of each year.

This is a several step process for **Junior National** referees.

First, you must attend the USA Volleyball Girl's Junior Olympic Volleyball Championships and show evidence of working matches at a high level.

Second, you must apply to the USA Volleyball Boy's Junior Olympic Volleyball Championships, by going to www.usavolleyball.org to download the *USAV National Referee Candidate Application*.

More information is available in the letter that accompanies the form.
