

Do all referees (Provisional, Regional Jr. National, and National) have to attend the National clinic?

NO. The National Clinics are required for all ***Junior National*** and ***National*** Referees who plan to attend any of the National Championship Tournaments (i.e., Adult Open Championships, Girl's Junior Olympic and Boy's Junior Olympic Volleyball Championships).

Regional Referees and possibly experienced Provisional Referees have the option to attend and will be welcome at a National Referee Clinic.
