

## **Will there be a National clinic conducted prior to a USA Volleyball National Championship?**

The same clinic that is being offered early in the season will be made available at the Adult Open Championships, Girl's Junior Olympic Championships and Boy's Junior Olympic Championships. The dates and times will be posted on the USA Volleyball website: [www.usavolleyball.org](http://www.usavolleyball.org). Be aware that there may be only one clinic scheduled for each championship event.
