

What is the cost to attend a National Referee Clinic?

The National Referee Clinic fee is \$20 for advance registrations received prior to the specific clinic registration deadline and \$30 at the door.

If you submit your National Referee clinic fee with your annual National Officials' Commission dues payment, you will receive a discount of \$5. You do not have to show which clinic you will attend, you can do that later when you have made your decision.

If you choose to not pay your clinic registration fee at that time, the fee will be \$20. Be aware that once the registration closes for the clinics, there will be a late fee of \$10, for a total clinic fee of \$30.
