

Where will the National Referee Clinics be scheduled?

National Referee clinics will be scheduled in various geographic areas and may be sponsored by a specific region. The clinic schedule will be distributed directly to **Junior National** and **National** Referees. In addition, it will be posted on the USA Volleyball website (www.usavolleyball.org) and provide to each Regional Commissioner for posting on their region's website.

All registrations will be handled through the USA Volleyball office.
