Greetings

Dear Taekwondo instructors,

On behalf of the USA Taekwondo Martial Arts Commission (USAT-MAC), an affiliate organization of the USAT the national governing body under the United States Olympic Committee, I would like to invite all USA Taekwondo instructors to the prestigious Kukkiwon International Instructor Certification Seminar to be held in Los Angeles, California, on January 14-17, 2011.

The Kukkiwon will bring five of its best instructors and officials to conduct the seminar, which has been sanctioned by the USAT, organized by the MAC National, and will be directed by the MAC California State Association.

Taekwondo has spread rapidly in the USA and is practiced on a daily basis for personal growth. As one of the most prominent martial arts programs, Taekwondo practice enhances mental and physical capacities, such as confidence, self-discipline, respect, self-defense, and may take the student all the way to the Olympics.

However, Taekwondo curricula have been introduced to mainstream society only recently compared to curricula in other educational disciplines. Unlike other disciplines, Taekwondo has not adopted standardized teaching methods and systems to foster proficiency of instruction.

Furthermore, Taekwondo instruction has not established industry standards designed to insure that Taekwondo instruction maintains the same high level of professionalism as other mainstream educational disciplines.

The Kukkiwon International Instructor Certification Seminar is one of the most prominent instructor certification programs in Taekwondo and martial arts worldwide.

I truly hope that all Taekwondo instructors in the USA take this excellent opportunity to enhance their knowledge of teaching, and to obtain certifications recognized by the Kukkiwon, by the USAT, and by the Martial Arts Commission in the USA.

I also would like to commend the officials and leaders of the MAC California State Association who took charge of planning and directing these invaluable seminars for the frontline instructors who teach Taekwondo as a life profession.

Sincerely yours,
